VENOUS DISEASES

Cochin

27th- 28th Jan., 2012

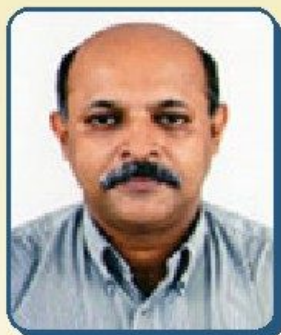

About Cochin

VAICON 2012 is being hosted at Kochi-Kochi (colonial name Cochin) is a vibrant city situated on the south-west coast of the Indian peninsula in the breathtakingly scenic and prosperous state of Kerala, hailed as 'God's Own Country'. Its strategic importance over the centuries is underlined by the sobriquet Queen of the Arabian Sea. Informally, Cochin is also referred to as the Gateway to Kerala.

Cochin was a small town. But, Cochin has outgrown its original bounds and is now the general name given to much of the region adjoining the original town, which now includes Cochin, Fort Kochi, Mattanchery, Ernakulam and many other nearby towns and villages. Cochin is situated in Ernakulam district in the state of Kerala. Ernakulam is also the name of a town - the administrative capital of Ernakulam district - but, for all practical purposes Ernakulam and Cochin, generally, refer to the same place.

Kochi is rated in the top three tourist destinations by the World Travel & Tourism Council and featured in National Geographic Traveler's '50 greatest places of a lifetime'

Invitation

Dear Delegates,

It is my privilege to invite you to attend the VAICON 2012 at Cochin, Kerala- the God's Own Country.

VAICON 2012 is the 5th Annual Conference of Venous Association of India. VAICONS are the venues where we can discuss on various aspects of venous diseases, latest diagnostic tools & treatments. India is having more chronic venous disease patients and it is growing steadily, due to the lack of knowledge and intelligence in treating early stages. Successful case histories, research results and study reports can be presented and discussed here by veteran doctors.

VAICON 2012 is a dias, where International Experts and Local eminent leaders deliver the speeches on all aspects of various venous diseases like varicose veins, venous thrombosis and other problematic venous diseases, new methods of diagnosis & latest treatments.

VAICON 2012 will be held at the IMA Convention Centre, Cochin, Kerala, (27th-28th Jan 2012).

On behalf of the organizing committee, I extend a warm welcome to you and assure you the best of everything in terms of Scientific content and local hospitality.

I request you to book your dates for the same and hope you will be able to join us!

Best Regards,
